

TechAge Classes – May - July 2022

Process to register for TechAge classes:

All TechAge classes are listed on our website, roctechage.org. Click the Register link below the desired class.

You are transferred to the Registration system for the class selected. The class description is displayed together with a calendar. Click the date highlighted in the calendar. Click the down arrow under either JCC member or Non-member and select “1”. Add tickets to cart.

To register for additional classes, click “Browse for more classes”. This directs you to a listing of all JCC events. Scroll down to find the class you want and click “See This Event”. Repeat the above process to register. Add tickets to cart and checkout.

Proof of COVID-19 vaccination (including booster) is required upon entry to any IN PERSON class.

Questions? Visit roctechage.org, leave a voicemail for TechAge at [585.461.2000](tel:585.461.2000) ext. 463, or send us an email at techage@iccrochester.org.

iPhone/iPad - Manage Your Apps

1 lesson. Hands on IN PERSON class. Max registrants: 12

Tuesday, May 10, 12:45 pm –3:00pm; TechAge Room

Learn how to install and manage apps on your device. This will include using the standard App Store app, rearranging your app icons on Home Screens and Dock, grouping app icons, deleting/offloading apps, and more. Course taught using a device updated to Apple’s newest operating system, but applicable to older operating systems.

Prerequisite: Using your iPhone/iPad - Basics or equivalent.

JCC Member: \$10

Non-Member: \$12

iPhone/iPad – Upload your Digital Photos to iCloud

1 lesson. Hands on **IN PERSON** Workshop. Max registrants: 6

Wednesday, May 18, 1:45pm –3:30pm; TechAge Room

Everyone took photos prior to having a smartphone! Those older photos may be stored on our computers in a digital format. This class will teach you how to upload these photos to your iCloud Photo Library so they may be viewed and organized in the standard Photos app for iPhones and iPads. You will also learn how to update the date and location associated with these uploaded photos. Finally, we will review the People album feature and ensure the faces in these uploaded photos can be identified and grouped accurately. Course taught using a device updated to Apple's newest operating system, iOS 15.

Prerequisite: Using your iPhone or iPad updated to iOS 15 – Organizing Photos & Videos or equivalent. Must bring your own laptop computer to class.

JCC Member: \$8

Non-Member: \$10
